ATLAS – CONSTRUCTION MACHINERY MANUFACTURER WITH TRADITION

From person to person

When Hinrich Weyhausen started selling construction and agricultural machinery in 1919, he discovered that the machines which his customers actually needed were not available. So he listened to them carefully and went about building the machines himself – exactly according to the requirements of the people who used his machines every day. He carried out pioneering work with a passion under the brand name of Atlas. His focus was always on the benefit of the machines. And nothing has changed for us in terms of this ideal today.

**Atlas will make you strong
with excellent products and
a comprehensive service.**

With highly motivated employees, a great deal of commitment and expertise ATLAS GmbH develops successful crane & excavator technologies. Numerous customers, engineers and experts all around the globe have made their contribution. The result is robust equipment to enable you to work more effectively and safely than ever before.

As our know-how grew, so too did our dealer and service network worldwide.

We can hence guarantee – in those days and today too – that we will always be on the spot when you need us.

Atlas manufactures a wide range of equipment for the construction, railroad, material handling and infrastructure industries. You will find more information on Atlas under www.atlasgmbh.com.

CUSTOMER SATISFACTION IS OUR PRIORITY!

WE ARE COMMITTED

to providing our customers with highest quality products and services.

QUALITY STANDARDS AND CUSTOMER SATISFACTION

are measured in terms of service performance, reliability, relevance and timeliness.

OUR COMPANY'S MISSION, GOALS AND OBJECTIVES

are directed towards ongoing process improvement as a basis for strengthening our competitive position and for improving product quality and service standards.

QUALITY STANDARDS AND CUSTOMER SATISFACTION

are measured in terms of product performance and reliability.

EXCELLENT CONTROL & VISIBILITY

Functional and spacious cab

The design is adapted to your needs.

Quiet and efficient exhaust system

- Dynamic performance
- Low fuel consumption
- Lower exhaust emissions

Decreased noise level

Perfect weight distribution

Practical accessibility

Cylinder protection

Elevatable - LIFT or VARIO cabin or fixed level cabine for best visibility

Optimized kinematics for the boom

Optimized arms hydraulics

Easily accessible AdBlue® tank

Hydraulic axle lock

Extended wheelbase

GREEN POWER IS HERE

Control cabinet for E-Drive

Electric engine

total power:

- 170 kW (350MHE)
- 125 kW (250MHE)
- No CO₂ emissions
- Low noise
- Low generation of heat

Engine hood designed for better visibility

Cable reel

Lockable master switch

... and will save you money

Perfect control

The proven attachment tools
can be used

Compressor unit
for electric heating
and climate control
system

TIER 4 FINAL ENGINE

GOOD FOR YOUR WORK AND COMFORT

- Fuel saving.
- Lower emissions - better performance.
- Compact design.
- Long service life.
- Particularly quiet engine.
- Low maintenance costs.
- Fast and inexpensive service.

GOOD FOR THE ENVIRONMENT

- DEUTZ TCD 4.1/6.1 and CUMMINS QSB 6.7 meet the EU Stage IV/US EPA Tier 4 Final emissions standards.
- DPF filter for particle reduction.
- SCR filter for reducing NOx.

ELECTRIC DRIVE

THE TREND OF THE FUTURE IN RECYCLING AND SCRAP HANDLING

- Low energy input.
- No CO₂ emissions.
- No refueling stops.
- Low-noise operation.
- Low generation of heat.
- Cost saving due to reduced maintenance.

PRACTICAL

SPECIAL EXECUTION EQUIPMENT

HANDRAIL FOR SUPERSTRUCTURE

TRANSMISSION PROTECTION

**STEEL PLATES FOR
THE UPPERCARRIAGE
COVER BELOW**

DIVERSE ATTACHMENTS

IMPRESSIVE POWER DEVELOPMENT AS A RESULT OF THE BEST EQUIPMENT

WIDE SELECTION OF BOOMS AND ARMS

High lifting capacity, optimum handling curves and fast working movements through a wide selection of boom combinations.

LONG-LIFE CYLINDERS

DO GREAT THINGS WITH THE RIGHT ATTACHMENT

Load hook

Log grab

Clamshell grab

Orange peel grab

Load lifting magnet

GREAT VISIBILITY

ALL-AROUND VISIBILITY

- Glare-free interior.
- Narrow steering column.
- Front upper and lower removable windshields.
- Heat-insulating glass.
- Driver's air-suspended seat with heater.
- USB and 12V socket.
- Multi-functional joysticks.

PROTECTED AND SAFE – ALL TOGETHER HIGH ABOVE THE WORKING SITE

- Cabine protection features, now available as separate front and top protective grid.
- LIFT and VARIO CABINE- systems to ensure perfect visibility and safety.
- Built for top performance with no compromise on quality.

COMFORT

All steering components are positioned clearly and concisely and directly within the driver's reach for the best possible operating comfort.

- Skylight from roof window.
- LED cabin lights.
- Thinner steering column for better visibility.
- Additional windscreen wiper.
- Larger cab entrance.
- Flat cab floor and easy floor mat removal.

TELEMATICS FOR SAFETY AND SERVICE

- **Accessible anywhere**
- **Engine and excavator parameters.**
- **Live GPS tracking.**
- **Fuel consumption and service intervals.**
- **and much more ...**

- **Anti-Theft Protection**

- **Productivity and Performance**

- **Accurate Calculation**

- **Complete Overview**

INTELLIGENT HYDRAULICS FOR MORE PRODUCTIVITY

BURST PIPE PROTECTION

- Optimized pipes and hoses layout.
- Smaller installation size.
- Reduced noise levels.
- Sensitive lower function.

COST EFFECTIVENESS

- More productivity.
- Power at the right time.
- Fast working cycles.
- Operator friendly.

SAFETY

- Protection from overloads.
- Prefill valves for all work functions.
- Lift cylinder protection.
- Emergency steering and lowering of the boom.

DO THE RIGHT JOB

RECYCLING & SCRAP

DUST, DIRT, CONFINED SPACE

Sounds like a special job. For recycling specialists who want to carry out daily sorting and handling work in record time. Those who aim at peak performance in this field need powerful backup.

Particularly good for recycling:

- Undercarriage can be configured for your exact requirements: with 4 outriggers for excellent stability and high lifting capacity; with 2 outriggers and dozer blade for yard cleaning and high log stacking.
- Large selection of boom options, some specifically for indoor work: industrial boom, industrial boom for sorting grab, adjustable boom.
- Main boom and jib cutoff optional.
- Elevatable cab or fixed high-level cab.
- Cab with pressurized ventilation for work in contaminated areas (as option).
- Reversible fan, cyclone filter and smoke particle filter optional.

IF YOU NEED TO MOVE MOUNTAINS

**Have you got mountains of work?
Very good.**

**The job is quickly done with the best
material handling technology available.**

Particularly good for scrap metal:

- Stable undercarriage with fixed pads.
 - Sorting, cutting scrap, demolition or transfer: you can use the right attachment for every task.
 - With reaches ranging from 27' 6" to 79' you can unload an ocean-going ship just as easily as a small trailer.
 - Cab protection system (as option).
-

PORTS

FULL STEAM AHEAD

Get your cargo handling moving. In times of rapid growth in the transport sector you need handling equipment with which you can work fast.

Particularly good for port use:

- Low costs per tonne thanks to fast and responsive operation and low-maintenance processing.
- High handling capacity thanks to enormous lifting power.
- Arm construction specially designed to clear ships' sides.
- Cab system with Vario cab.
- Can be supplied with pylon upon request.

PRODUCT RANGE

	MODEL	Operating weight (lbs) 	Engine power kW (HP) 	Max. Range (ft in) 
	160MH	38 581	90 (122)	27' 6"
	180MH	42 329	95 (130)	33' 1"
	200MH	44 092	105 (143)	33' 1"
	250MH	55 116	129 (175)	41' 5"
	270MH	59 525	129 (175)	48' 6"
	300MH	69 446	129 (175)	47' 2"
	350MH	79 366	180 (245)	59' 7"
	400MH	90 389	180 (245)	59' 4"
	520MH	125 663	230 (313)	71' 10"
	550MH	130 073	230 (313)	71' 10"
	250MHE	55 116	125 kW	41' 5"
	350MHE	79 366	170 kW	59' 7"
